

Society of St. Sebastian

For Immediate Release

January 20, 2021

Announcement of 2021 Fellows

As we celebrate the Feast Day of Patron Saint in the Western Church, it comes with great pleasure to announce those who have been named as Fellows for the Society of St. Sebastian. These are individuals who have helped move forward the intellectual position of pro-life public policy within the previous year and we are greatly appreciative of their efforts. While the pro-life community is composed of many great voices, each of these individuals stand out as an exceptional voice for the voiceless as St. Sebastian did those many centuries ago, since these individuals have sought to bring greater understanding of pro-life public policy to the community at large. We congratulate them and honor them.

Academic Fellows:
